8-16-02

1. Section 16.8 states, No awards will be made in excess of the current state contracted rates for comparable services. We are unaware of the current state contract rates and we do not have a RHBA contract. Would it be appropriate for us to offer a specific rate with some kind of qualifier like, Or the current state contracted rate for comparable services, whichever is lower.
 - The Court is seeking a specific rate that you are willing to provide the services. Should it be necessary to adjust that figure, we would enter into negotiations with you at the time of award.
2. In regards to price Attachment C, is the price per service hour per each client in attendance?
 - The cost is the service provided per hour per client in a group setting.
